

PROVIDING THE HIGHEST COMPETENCY BASED TRAINING
For the Oil & Gas Industry for DEVELOPING NATIONALS

GTSC TECHNICAL TRAINING HISTORY SINCE 1998 UNTIL TODAY

GTSC ACCREDITATION

- ◆ **IWCF Certificates, started from year 1998 and continuously**
- ◆ **IADC Certificates, started from year 2000 and continuously**

(The First Ever in the World) **

**** IADC Drilling Diploma, awarded in January 2010**

**** IADC Well Testing Design, awarded in April 2010**

◆ **IADC Rig Electrician, awarded on November 2013**

◆ **IADC Rig Mechanic, awarded on November 2013**

**IADC
MEMBER**
SPECIALIZED COURSES
WELLCAP, RIG PASS, DIT

DEVELOPING NATIONALS

We wish to introduce ourselves as the pioneer in providing Technical and Safety Training in the MENA Region. Having accredited by several International bodies which includes IWCF (International Well Control Forum-UK) and IADC (International Association of Drilling Contractors-USA) for the Technical Training Courses, we are now unparalleled to any Training Providers in the region.

Our main focus is the professional growth of Nationals of different countries by providing highly competent Training and Development program; from the school dropout to any levels. The extensive training with hands-on experience will ensure competency and confidence in the individual; which in turn can have significant contribution to the nation.

In addition to the on-shelf Training Courses, any specialized HSE and Technical Training can be developed as per the clients requirement.

IWCF / IADC COURSES Since 1998 up to Present In the Middle East, Africa, East and Far East Asia Region

Various Clients	IWCF WELL CONTROL
Various Clients	IWCF WELL INTERVENTION
Various Clients	IADC WELL INTERVENTION
Various Clients	IADC WELL CONTROL

GTSC GROUP IS PROVIDING COMPETENCY TRAINING PROGRAM & TECHNICAL COURSES SINCE 1999

LONG TERM TECHNICAL PROGRAM

No.	Client Name	Course	Location	Activity	Dates
1	ADMA-OPCO	Vocational Training Competency Assessment of Maintenance Personnel Offshore - OJT. For the following subject: 1. Instrumentation Discipline 2. Mechanical Discipline 3. Electrical Discipline 4. Crane Operators	On Site - UAE	To develop UAE Nationals - In Instrumentation, Mechanical, Electrical and Crane Operators	From 1999 to 2001 but has been extended up to June 2002.
2	NDC	Competency Program – OJT Career Development Program for UAE National Workforce in Drilling Technology Program: Phase 1: Roustabout/Floorman (Roughneck) Phase 2: Derrickman Phase 3: Assistant Driller	UAE	Developing UAE Nationals	2000 – 2005
		Basic Drilling Technology		Developing UAE Nationals	2001 – 2003
3	AIMansoori Wireline	Wireline Operator with Practical (Each program duration is 18 months)	MENA	Developing Operators/ Supervisors	2003 – present
4	AIMansoori Production Services	Well Testing Operator with Practical (Each program duration is 18 months)	MENA	Developing Operators/ Supervisors	2003 - present
5	Government of Nigeria	Drilling Diploma with practical	UAE	Develop Nigerian Nationals	2011-2012
6	NDC	Wireline Assistant Training Knowledge Level 1 Wireline Assistant Training Knowledge Level 2	UAE	Developing UAE Nationals	2013
7	NDC	CAMS Drill Tech 2 CAMS Drill Tech 3 Trend in New Technology	UAE	Developing UAE Nationals	2013
8	National Oil Wells Drilling & Workover Co.	Drilling Technology with Practical	UAE	Developing Libyan Nationals	2014
		Advanced Drilling Technology with Practical	UAE	Developing Libyan Nationals	2014
9	Specialized Technical Equipment	Well Logging Equipment Training with practical	UAE	Developing Iraqi Nationals	2014
10	Balad Al Silm Group	Nitrogen Pumping Unit Training with Practical (First Ever Course conducted)	UAE	Developing Iraqi Nationals	2014
11	Saudi Arabian Saipem Co. Ltd.	Electrical Competency Training with Practical	SAUDI	Developing Saudi Nationals	2014
12	Saudi Arabian Saipem Co. Ltd.	Roustabout/Floorman (Roughneck) with Practical	SAUDI	Developing Saudi Nationals	2014

**ON GOING SHORT TERM COURSES
FROM 1 WEEK TO 6 WEEKS DURATION
IN THE FOLLOWING SUBJECTS:**

*WITHIN THE MIDDLE EAST AND AFRICA REGION
Since 1998 up to present*

COURSE NAMES

1. Drilling
2. Workover
3. Wireline
4. Coiled Tubing
5. Well Testing
6. Maintenance Engineering
7. Mechanical Engineering
8. Electrical Engineering
9. Instrumentation
10. Reservoir Engineering
11. Process Engineering
12. Geologist Engineering
13. Production Engineering
14. Nitrogen Pump
15. High Temperature, High Pressure Gas Wells
16. Stuck Pipe Prevention
17. Underbalanced Drilling
18. Gas Turbine, Operations and Maintenance
19. Drill String Design
20. Bits, Casing and Cementing
21. Drilling Performance
22. Directional Drilling
23. Drilling Mud
24. Solid Controls
25. Advanced Drilling Practice

Note: Some of the Courses above are repeatedly done to the clients for several times. These Courses has been tailored according to the Client's requirements. GTSC have the capacity to develop any type of Courses required by the Clients.

SIMULATORS AVAILABLE TO HELP OUR COMPETENCY TRAINING PROGRAM

(FOR LONG TERM & SHORT TERM PROGRAMS)

1. Full-Sized Real Drilling Rig for all levels
2. Wireline Training Unit Simulator
3. Super Portable Drilling & Workover Simulator
4. Micro Portable Drilling Simulator
5. Full-Sized Rig Floor Simulator
6. Cyberchair Drilling Simulator
7. Full-Sized Workover Simulator
8. Drilling Operations Trainer Simulator (DOT)
9. Drilling Management Trainer Simulator (DMT)
10. Mud Treatment Simulator
11. Well Testing Simulator
12. Coiled Tubing Simulator (CTS)
